

Nutrition & Physical Activity State Plan

Missoula City-County Health Dept/Health Promotion Division

Greg Oliver- Health Promotion Director, Community Health.

Activities Relevant to State Plan to Prevent Obesity: focuses on increasing physical activity (includes Active Kids Coalition, Unplug & Play, work with schools and worksites), BMIs, Healthy Built Environment, Fall Prevention & Healthy Aging.

Services/Recipients: Missoula County residents-population

State Plan Settings: Healthy Built Environment

CDC Behaviors:

- Increasing physical activity through partnerships, policy change, education & promotion, and environmental change;
- Decreasing screen time through partnerships, education and promotion.

Gaps and Concerns: Hard to say- many gaps. I'm particularly interested in increasing physical activity and healthy built environments.
